

# SPARE PARTS KIT

Save time. Save money. Increase productivity.

Maximize machine uptime with an on-hand spare parts kit customized for each model of your Haitian or Zhafir molding machines. Don't let production stoppage lead to lost time and lost profits. Very little shelf space for commonly replaced parts delivers big peace of mind.

**EARN** a 15% savings on the cost of the parts when purchased in a spare kits kit rather than purchasing each part separately.

Spare parts kits are available for Haitian Mars, Jupiter, and Saturn injection molding machines as well as Zhafir Venus molding machines.

Available in two levels, Standard or Premium. Prices are model dependent. Contact us for a quote.

Save up to 15%  
on the cost of  
replacement  
parts
